### MANY MARRY TO ESCAPE DRAFT

All Marriage Records Broken in N. Y. With 164 ceremonies. NEW YORK, Aug. 1.—The record for marriages at the marriage license bureau was broken here today when

164 ceremonies were performed, the bridegroom in almost every instance being of military age. The number of marriage licenses issued was 294, considerably under the expectations of clerks when they saw long lines of young men and women waiting for the bureau to open this morning. The reduced number was due to the action of Thomas D. McCarthy, United States marshal and a force of deputies, who appeared early in the day and compelled every man of draft age who could not show his registration card to leave the building.

### RUSSIA MAKES GAIN IN RECONSTRUCTION

WASHINGTON, Aug. 1.—Construction of the coalition national government of all parties in Russia was reported in official dispatches to the embassy here today from the foreign office at Petrograd to be progress-

ing, but not yet complete.

Two broad principles have been announced. First is that the new government shall not in any way change the program, internal or foreign, as set out repeatedly by the present government. Second is that the new members, though appointed to represent the various parties, shall not be responsible to their parties, but shall be given complete discretion and freedom of action.

At present there is still a rift between the Bourgeois and the more radical parties, in regard to social reforms. The emergency conference of national leaders precipitated by the military reverses and designed to tide over until the constituent assembly meets, will be called together just as soon as the new coalition cabinet is formed.

## Fiery Eczema and Skin Eruptions Readily Yield to This Old Remedy

Successfully used for fifty years.

Eczema and similar skin troubles come from a disordered, impure condition of the blood, and they can only be cured by giving the blood a thorough cleansing, and removing from it all traces of impurity.

This is why S. S. S. has been used so successfully in hundreds of cases of Eczema and other skin eruptions.

This wonderful remedy is without an equal as a blood purifier, being probably the oldest blood medicine on the market. It has been sold by druggists for fifty years.

## NAVY OFFERS OPPORTUNITY FOR MEN IN MANY CALLINGS

PORTLAND, Aug. 3.—(Special)—The navy wants men and more than ever has opportunities for certain trade lines which should offer hundreds in the next few weeks.

Owing to the fact that certain ratings are closed, the impression has gone out that the navy is restricting enlistment generally, but the Portland office wants it particularly understood that only certain lines are closed and that many men are needed to fill ratings which offer good clean men splendid opportunities.

It is only the following classifications that enlistments are not being made in at present: Landmen for electricians, general, yeomen, plumbers and fitters; shipwrights; shipfitters; blacksmiths; boiler-makers; painters and printers. However, many men fitted under those branches might very often take a rating under other branches which are now open and in which men are needed badly.

There is a big need today for apprentice seamen, machinist's mates, first and second class. There is a special opportunity for musicians and almost every town in the state has a band which could send a representative to the navy. This particular need is most urgent and because so much of the spirit and morale of the men or board ship depends on their band, musicians everywhere are being urged to consider the call.

It is the band which gives the men their daily entertainment and relaxation from stern duty. The band helps the sailors in their drills, and in general is recognized as a big factor in the building up of the organization of the ship's crew. In this connection every rating is needed and musicians will find unlimited opportunity.

Those who have a desire to see service in the air also have an excellent opportunity at this time, for the Portland office has an opening for rating as landsman for quartermaster in the aviation section. This is a job of some responsibility and the man who is enlisted under such service will be extremely fortunate.

Another interesting place in the same section is landsman for machinist's mates, aviation. This will include the building of airplanes, in

struction in the care of engines and handling, and in other ways studying the interesting phases of air navigation. Those two fields should attract hundreds and the man who is selected for such service can count himself quite lucky.

In addition to those posts, several cooks are needed and mess attendants which is a field of utmost importance to the navy. Through the many modern appliances which the navy supplies for the use of cooks, this phase of ship life ranks well forward in the need of capable men who can take over the responsibilities of feeding hundreds.

In brief, the ratings which are today open to the right young men are as follows: Apprentice seamen; musician's mates, first and second class; copper-smiths and sheet metal workers; firemen, first, second and third class; hospital apprentices, first and second class; (incidentally, only two a month can be enlisted); landsman for baker; baker, second class; mess attendants, third class; landsman for ship's cook; ship's cooks, fourth class; landsman for musician; musicians, first and second class; landsman for quartermaster, aviation section, and landsman for machinist's mates, aviation section.

The special need as outlined is for musicians and machinists, first and second class.

There is a real live opportunity for some band from a live Oregon town to win a name and real fame.

The Portland recruiting office of the navy is trying to persuade some band to enlist as a whole, taking in 22 men, the number of a full navy band.

While the Portland Musicians' Union is co-operating with the navy office in this endeavor, the opportunity is still open, and if some crack organization from some Oregon town gets on the "job" first, the honor will be theirs.

All branches of the navy have an especial need of good musicians, and the organization that gets this honor will indeed be an exceptional one.

If such a band is taken in, it will include the ratings of one bandmaster, one chief musician, and one bugler, all of which will be quite worth while to the leader of any organization which is taken in its entirety.

### COWARD OR HERO. HE CAN PICK THEM

Dr. M. W. Maynor and His Colored Blocks Get a Good Army Job.

NEW YORK, Aug. 1.—What is a psychiatrist?

He is a person who is able to tell, after giving you the "once over," whether you're a coward or a brave man.

Dr. Mortimer W. Maynor is a psychiatrist. For that reason he was appointed yesterday as commissioner Burdette G. Lewis of the department of correction announced a captain in the army.

Dr. Maynor is to be placed at the head of a commission which will determine from a scientific standpoint whether men who enlist or who are conscripted are moral or physical cowards. This commission also will study the symptoms of men who suffer from what is called "shell shock."

Dr. Maynor has been in charge of the city's prisoners in various penitentiaries. He separated the cowards from the brave men among them by the use of red and green blocks. The blocks would be mixed in the presence of the prisoner. If he could restore them to their original order without much difficulty he was considered a brave man. If he couldn't he was a mental or moral coward.

## Juice of Lemons! How to Make Skin White and Beautiful

At the cost of a small jar of ordinary cold cream one can, by using a full quart pint of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as sunburns, freckles and tan and is the ideal skin softener, smoother and beautifier.

Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocery and make up a quart pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It naturally should help to soften, freshen, bleach and bring out the roses and beauty of any skin. It is wonderful to smoothen rough, red hands.

## GERMANS ARREST MANY IN POLAND Suspect Them of Being Associated With Legion's Ex-Chief, Pilsudski.

COPENHAGEN, Aug. 1.—Many persons in Warsaw, Lodz and other places in Poland have been arrested by the Germans on suspicion of being connected with Gen. Pilsudski, organizer and former commander of the Polish Legion, whom the German authorities seized while attempting to leave Poland on a false passport. He had been hailed as a Polish patriot, but the Germans are said to have discovered that he was a republican conspirator with leanings toward Russia.

Polish deputies are making strenuous efforts to obtain Gen. Pilsudski's release.

It must be a great relief to the leader to see his troops going forward, so no wonder he hurriedly visited the eastern front.
